+ vtex/io e-commerce
+ responsive design
+ ui softwares (figma, xd, sketch)
```

I've spent most of my career working remotely and self-managed. Commitment and discipline acquired through these years are some of my biggest strengths.

{ I'm experienced in }

HTML. CSS (modern, legacy, preprocessed). Responsive layouts. Javascript Frameworks: Vue.js, React with Hooks and Redux. API consuming, with vanilla javascript, Axios, GraphQL. Animation tools, such as GSAP and three.js. Git. Development tools like Gulp and Webpack.

I also have 2+ years of experience in **VTEX e-commerce** environment, dealing both with Legacy and **VTEX IO** stores.

{Things I can do }

Communicate clearly with developers and creatives. Working in office or remotely in different time zones. Contribute in creative processes. Research new technologies.

{I speak}

Native Portuguese;
Fluent English;
Basic French and Spanish.
